Position: Entry Level Landscape Architect Graduate/Internship

Experience Required: 0 – 5 year's experience

HRC Engineers, Surveyors and Landscape Architects, located in the Atlanta & Charleston areas has an opening for a graduate with a Bachelor's Degree in Landscape Architecture. Our firm's engineering, surveying, and landscape architecture sections combine staff experience and credentials in a broad range of planning and design services.

Preferred Knowledge: Candidate should possess experience in or a desire to be involved in performing assignments designed to develop professional landscape architectural work knowledge and abilities. Work requires application of standard techniques, procedures, and criteria in carrying out a sequence of related landscape architectural tasks. The candidate will Participate as a member of a design or project team, perform duties in planning and designing of structures and facilities, such as commercial site development, single-family and multi-family communities, land disturbance activity permitting, sporting club and resort communities, grading and drainage, landscape and hardscape design, construction documentation, erosion and sediment control, storm water quality design and Low Impact Development design.

Skills: AutoCAD required, C3D Preferred, Photoshop, Hand-drawn sketching, Land F/X

Interested applicants should send a letter of interest/resume, and design samples (including renderings, construction documents and design projects).

Salary and Benefits: We offer creative salary and benefit incentives including health insurance and a 401K plan.

Education Requirements: Bachelor's Degree in Landscape Architecture or Undergraduate student in Landscape Architect or related discipline.
