

Job Announcement

Job Title: Survey Field Crew Member

Location: Douglasville, GA

Job Summary: HRC Engineers, Surveyors, and Landscape Architects is looking for Survey Field Crew Members. The ideal candidate should possess a desire to be involved in performing assignments designed to develop professional land surveying work, knowledge, and abilities. Work requires application of standard techniques, procedures, and criteria in carrying out a sequence of related land surveying tasks. The candidate will participate as a member of a field crew team and perform land surveying duties in the surveying of structures and facilities, such as commercial site development, single- and multi-family communities, land disturbance activity permitting, sporting club and resort communities, construction layout, erosion and sediment control, and storm water management issues.

Responsibilities:

- Organizing, planning, and managing field projects and the daily field tasks associated with them
- Construction staking, boundary surveys, topographic surveys
- Downloading and uploading data for work to be done and or completed for the day

Knowledge, Skills, Abilities:

- Strong work ethic
- Ability to carry survey equipment and supplies in remote, rural, or urban surroundings
- Experience of 0-2 Years as a Survey Field Crew Member or equivalent
- Progressive survey experience (preferred but not required)
- Good written and verbal communication skills
- Ability to work as a part of a team to assist Survey Crew
- High school graduate or equivalent
- Knowledge of engineering science, math, geography and technology
- Ability to take initiative
- Critical thinking skills and analytical skills
- Basic computer skills and able to learn relevant job-related software

Salary & Benefits: We offer a competitive salary and benefits package (i.e., health, 401K, etc.)
